

Work visit of a Belgian colleague to India

(13/03/2019-24/03/2019)

In March 2019, the Belgian astronomer **Michaël De Becker** (ULiège, Belgium; see picture) went to India for scientific discussions with scientists of IIST and NCRA. He ended his work visit by attending the conference *The Meter Wavelength Sky-II* from 17 to 24 March in 2019 at NCRA in Pune.
